|                     | Clinical Internship         | 2400  |         |
|                     | Graduation Exam             |       |         |

Credit hours or subjects division can be changed as per requirement.

"The study of medicine is not just a path to a profession,  
but a lifelong journey of compassion, discovery, and  
healing the world."

## WHAT MAKES US DIFFERENT ?

Chengde Medical University goes beyond primary healthcare training to produce highly skilled doctors who excel in diverse medical fields. While our program provides a strong foundation in general medicine, our graduates stand out for their exceptional performance in specialized disciplines from surgery and cardiology to neurosurgery and beyond. We achieve this through advanced clinical rotations, cutting-edge research opportunities, and partnerships with leading hospitals, ensuring students master both broad medical principles and niche expertise. Our alumni network includes renowned specialists, researchers, and healthcare leaders worldwide, a testament to our balanced approach that combines rigorous academics, hands-on specialization, and ethical patient care. At Chengde, you'll gain the adaptability to thrive in any healthcare setting, whether serving communities as a primary physician or pioneering breakthroughs in your chosen specialty all within an internationally accredited, affordable Clinical Medicine (MBBS) program designed for global success.

**Dr. Farrukh Qureshi**

MBBS, MCPS (Anesthesia), MSC pain management  
(Gold medalist)

Studying MBBS at Chengde Medical University gave me the perfect launchpad for my medical career. The university's world-class training and clinical exposure helped me build such a strong foundation that I went on to win the Gold Medal in Anesthesia at Riphah University. I'm grateful for CDMU's excellent education that shaped me into the doctor I am. I highly recommend this institution to any aspiring medical professional seeking quality education with global recognition.

"To wear the white coat is to carry both  
privilege and weight –  
the privilege to witness life's fragility,  
the weight to protect it with your hands.  
You will be the calm in chaos,  
the light in uncertainty,  
and the bridge between science and  
humanity."

## PROUD GRADUATES OF CHENGDE MEDICAL UNIVERSITY

**Dr. Haroon Zafar**

**MBBS, RMP(PAK), MRCGP (UK), Educational Supervisor & trainer at Royal College of general practitioners. Associate examiner of General Medical Council, Lectur at University of Glasgow.**

**GP partner at NHS Lankshire**

**United Kingdom**

Having studied at Chengde Medical University, i have had my opportunities leading me to further my career in UK. Faculty of Chengde Medical University have been remarkable, and overall education environment was excellent. We were the first international student's batch of Chengde Medical University and it gave me lifetime friends and memories. It was an honour and pleasure to be part of Chengde Medical University.

**Dr. Rafiq Ahmad**

**MBBS, RMP(Pak), MP(RSA), CCFP(canada), FC orth(RSA), Sub speciality Robotics MIS**

**Registrar Orthopedic and Spine Department  
Chris Hani Baragwanath Hospital, Johannesburg**

**South Africa**

A cutting edge position in modrenizing spine trauma as a leader of the new inventive era of orthopedic surgery. Chengde Medical University laid the foundation, and its unwavering way of life prepared me to accomplish my life's ambition. My time at Chengde Medical University was full of memories. Thanks to faculty who helped me to shaped my future.

**Major Dr Adnan Shahzad**

**MBBS, FCPS**

**Serving in Pakistan Army  
One of the 16 Virologists in Pakistan**

**Pakistan**

Today, as one of Pakistan's 16 virologists and a currently Major in the Pakistan Army Medical Corps, I credit my success to the exceptional training I received at CDMU. The rigorous curriculum, hands-on clinical exposure, and dedicated faculty didn't just teach me medicine - they instilled in me the skills to become a leader in virology and military medicine. Chengde's balanced approach combining academic excellence with practical training prepared me for every challenge.

**Dr. Zoya Iqbal**

**MBBS, MPH (UK)**

**MEA Business Head Middle east & Africa  
Siemens Healthineers**

**United Arab Emirates**

As a dynamic leader in the healthcare industry, I drive strategic growth and innovation across Interventional Cardiology, Interventional Radiology, and Surgery within the Middle East & Africa (MEA) region at Siemens Healthineers. With a deep understanding of medical technology, business development, and market expansion, I am committed to transforming healthcare through cutting-edge solutions that enhance patient care, clinical outcomes, and operational efficiency.

**Dr Sohail Khalid**

**MBBS, MCPS Paediatrics,  
MRcPCh, PGD MPH**

**Paediatrics Resident**

**Pakistan**

My academic journey at CDMU was an immensely rewarding experience that shaped both my professional competence and personal growth. Studying alongside a diverse international community enriched my cultural perspective and forged lifelong connections. Today, as a Postgraduate Resident in Pediatric Medicine at Abbasi Shaheed Hospital, Karachi - and with the added qualification of a PGD in MPH - I consistently draw upon the strong foundation built at CDMU.

**Dr Tanveer Ahmed**

**MBBS, MCPS(paediatrics)  
MD (Paediatrics)**

**Central Hospital Sialkot**

**Pakistan**

As a proud alumnus of Chengde Medical University, I can confidently say it was the best decision of my life. The university provided an outstanding academic environment, with dedicated teachers who shaped my career in pediatrics through their knowledge, patience, and mentorship. The hands-on clinical training, multicultural exposure, and unforgettable campus life made my journey truly exceptional. Today, as a pediatrician serving in Pakistan.,
